## **VERSE 1**

**Bb**

When I'm on the deepest oceans

You calmed the waves

Even when I stand on mountains

You're with me in that place

And even in the darkest valley

Your light still shines

You give me power, power to walk on water

When I hear the growl of failure

Your mercy roars

When I feel a deadly shadow

And even when I feel surrounded

You never fail

I've seen you calm the waters

**Cm**

I've seen you walk on waves

You stand vic-torious

The fear that froze my triumph

Your power burns away

Cause you never change, you never change
